Resume

About Me

Future Goals

Graduate School

My goal is to pursue a Master's degree in Computer Science at a top-tier university. I plan to focus on artificial intelligence and machine learning. I will seek out a mentor who is an expert in the field and work on a research project that contributes to the field. I will also aim to publish my findings in a reputable journal.

I will seek out a mentor who is an expert in the field and work on a research project that contributes to the field. I will also aim to publish my findings in a reputable journal.

Dream Job

My dream job is to work as a software engineer at a leading technology company. I want to be part of a team that is working on cutting-edge projects and solving complex problems. I will strive to become an expert in my field and take on more responsibility as I grow in my career.

My dream job is to work as a software engineer at a leading technology company. I want to be part of a team that is working on cutting-edge projects and solving complex problems. I will strive to become an expert in my field and take on more responsibility as I grow in my career.

Travel

My goal is to travel to at least 10 different countries in the next five years. I want to experience different cultures, cuisines, and landscapes. I will plan my trips carefully, ensuring that I have enough time to explore each destination and make the most of my experiences.
